Support Support with modifications Oppose Have Comments

Please give details of your reasons for support/opposition, or make other comments here:

H2.a - Potential residential development at Hatches Estate off Broadford Bridge Road: this area of land is consistently associated with groundwater accumulation and run-off with both East Street and Broadford Bridge Road seeing continual streams running down them during even moderately wet periods. Building on land that is very much part of the delicate hydrology of the area surely has the potential to impact the local hydrological profile deleteriously.

GA2.1 – pedestrian access between The Old Village and The Common: very much **support** this proposal which will in turn support other objectives of increasing accessibility and connectivity; encouraging economic and community resilience; enhance tourism and healthy neighbourhood objectives; reduce traffic and congestion within the parish.

LC4 – Protection of Assets of Community Value: potentially including The Queens Head PH in the list of Assets of Community Value within the Old Village.

What improvements or modifications would you suggest?
